Q&A

Introduction

What is CHERS?

CHEERS, aka, the Cleveland Harbor Eastern Embayment Resilience Study will be a community-focused resiliency plan for the eastern Cleveland lakeshore that will *Embrace the Lake* as an asset for future generations.

The year-long study will focus on leveraging <u>nature-based solutions</u> to improve the environment, reconnect communities to the lake, enhance public health and wellness, bolster the economy, and improve aquatic and terrestrial habitats.

How we got here.

Engagement

Understanding (round 1)

ZOOM MEETING & USER SURVEY

- + understanding of how community members use current spaces
- + what users want to see in the future (building upon the 2004 Waterfront District Plan & plans)
- + 600+ participants

Idea Generation (round 2)

WALKSHOPS & SCAVENGER HUNT

- + get outside to experience the lakefront what is working, what is not working
- + talk through ideas for the lakefront areas where we should focus attention / investment
- + 100+ participants

Exploration (round 3)

ZOOM MEETING & INTERACTIVE SURVEYS

- + what goals / principles are most important to community members
- + which projects do community members feel would be most impactful to the future of the lakefront
- + 300+ participants

Refinement (round 4)

ZOOM MEETING & WALKSHOPS

- + refine plan as we move into future stages
- + input on early action projects

CITY OF CLEVELAND

- + Access & Connectivity
- + Recreation (fishing, picnic)
- + Equity (east side)
- + Cohesive Lakefront (asset, tourism)

ODNR

- + Aquatic Restoration
- + Maximize Natural Habitat

ODOT

- + Reduce Maintenance Costs
- + Improve Safety (wave action)
- + Decrease Salting / Icing

CHEERS!

- + Recreation (fishing, picnic)
- + Trails / Walkways
- + Increase Natural Areas
- + Create "go-to" Destination
- + Connect Park Spaces

CLEVELAND METROPARKS Open, flexible spaces

Places to

touch /

interact with

water

Views!

Safer, easier access

THE
COMMUNITY

New
Programming
(picnic, bbq,
watersports,
edu.)

Trails

Natural Spaces

- + Dredge Material Capture
- + Beneficial Reuse Program
- + Support City Tourism

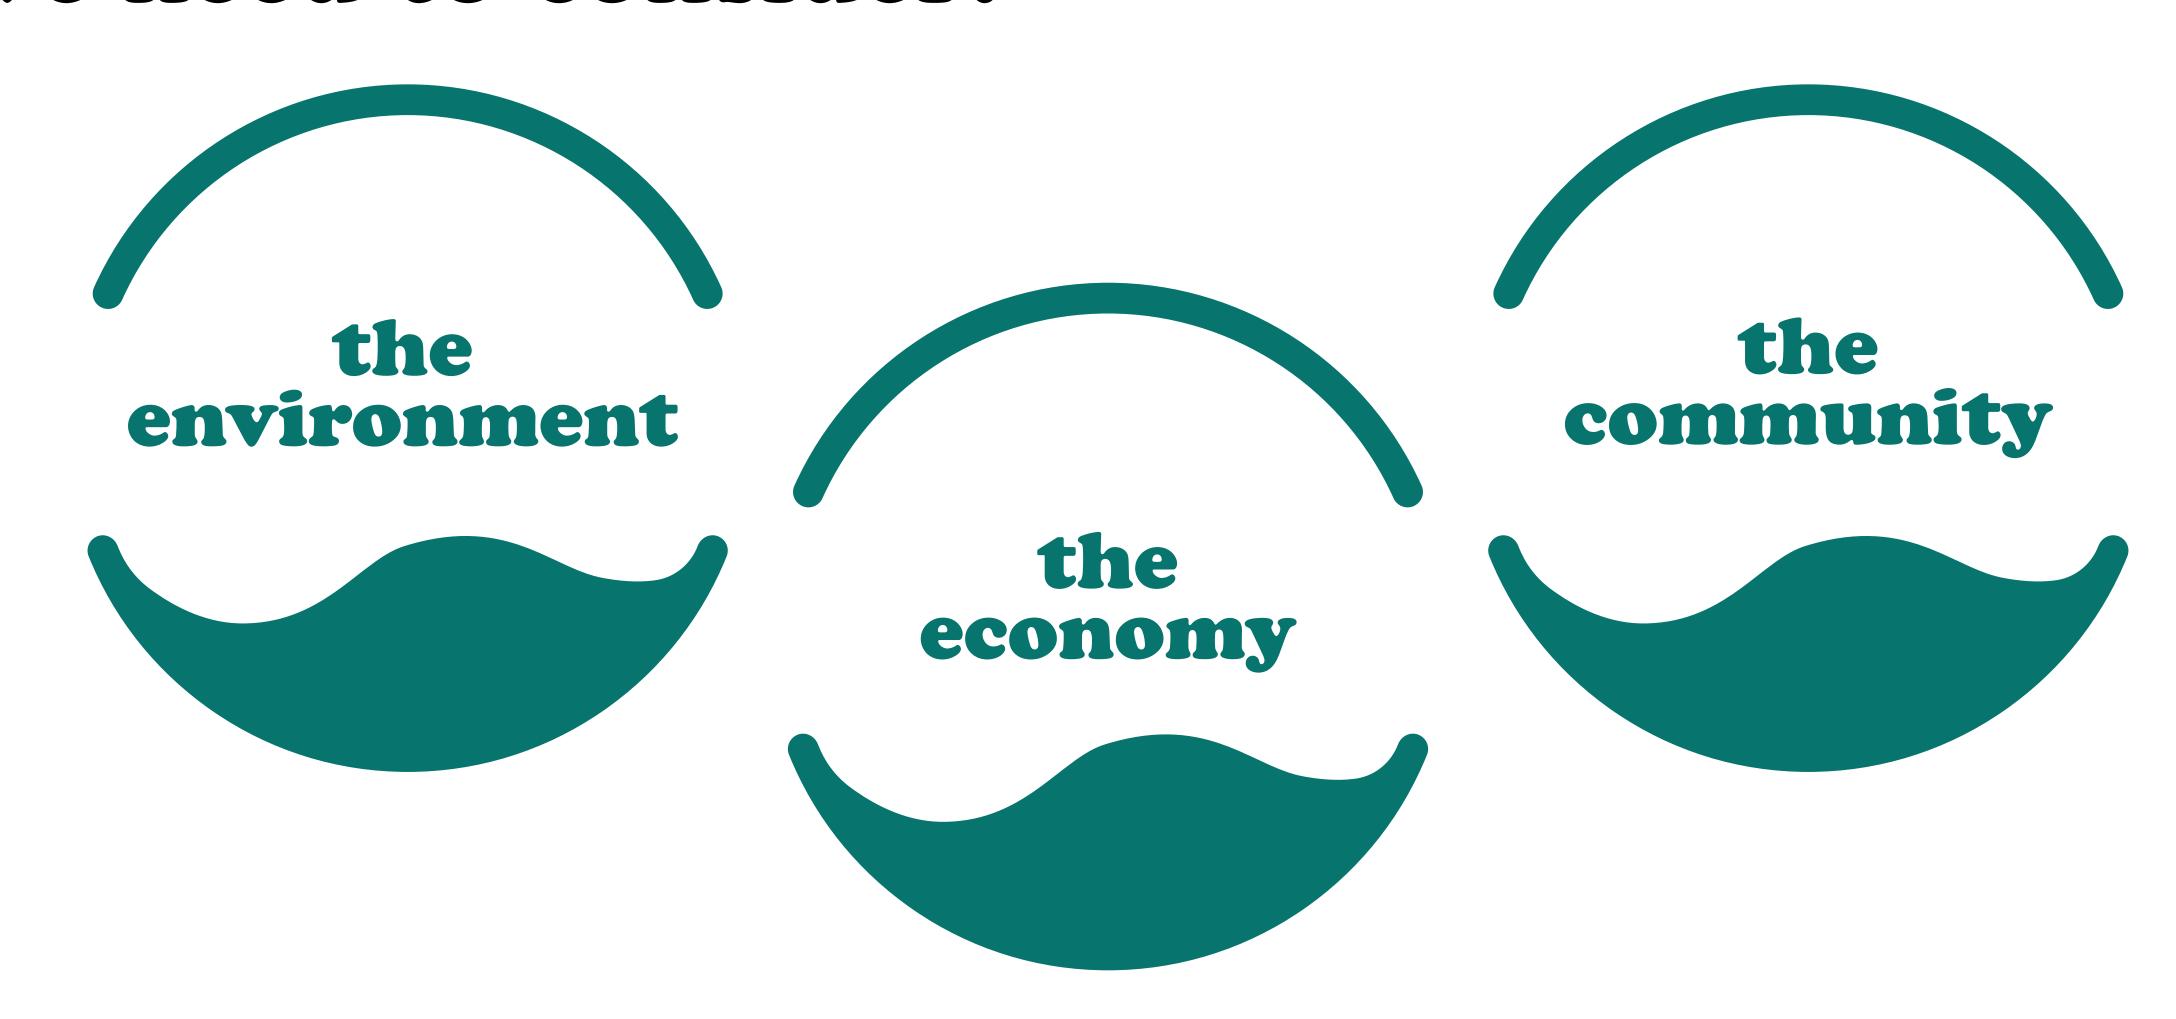

PORT of CLEVELAND

A roadmap to a resilient Lakefront:

we're here! **COMMUNITY "VOTES"** "HYBRID" FINAL "MAXIMIZE" THE **EXPERIENCE FOR EACH** ON PROJECTS/IDEAS **CONCEPT IS CREATED** prioritize projects & take highly rated/ranked all have elements of items from each water, nature & people concepts from each all have unique mix of create fully illustrated vote on what goals are most important map & renderings projects evaluate using matrix of all provide multiple benefits benefits (matrix)

The Plan

To improve the resiliency of the lakefront we need to consider:

Goal is to bring water, nature, and people into balance!

by proposing nature-based solutions that:

people and communities to the Lake

spaces that meet the needs of the community

natural systems
that enhance
the wellbeing
of the Lake and
communities

the legacy,
history, and
significance of
the Lake

Creating the Hybrid

Highest rated projects and goals from the three "themes"

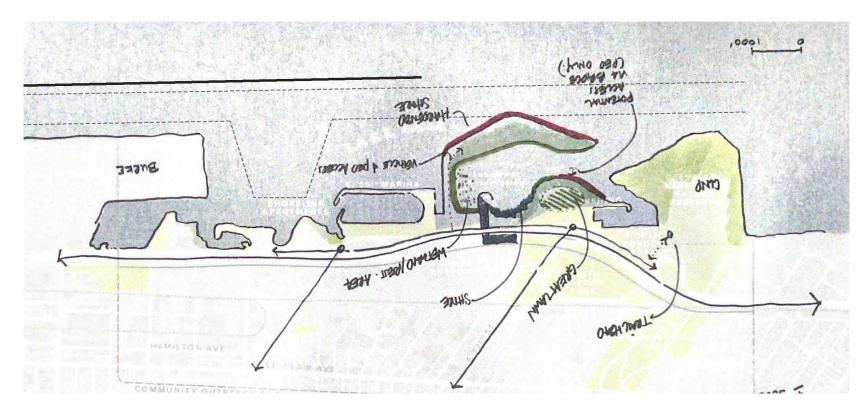

touch the water

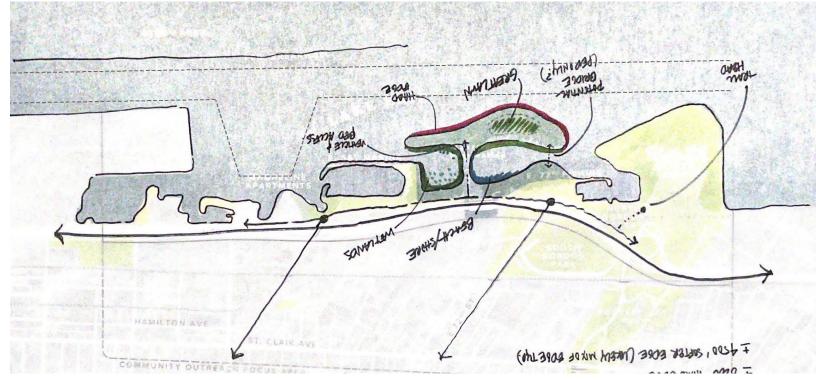

play at the shore

connect with nature

Creating the Hybrid

Combining the highest rated projects & programs with necessary engineering measures

"CONNECTED BARRIER"

- + 4000 LF hardened shoreline
- + 5800 LF softened shoreline
- + 800,000 CY dredge

"CENTERED ISLAND"

- + 8200 LF hardened shoreline
- + 4500 LF softened shoreline
- + 1,300,000 CY dredge

"EASTERN COVE"

- + 4500 LF hardened shoreline
- + 6000 LF softened shoreline
- + 1,800,000 CY dredge
- + most wave action protection
- + highest amount of dredge material
- + largest amount of natural shore for habitat
- + iconic approach from 72nd
- + connects/unites existing park space

Create more opportunities to touch and engage with the water

Use dredge material to create more park space and habitat areas to buffer critical infrastructure

AIRPORT

Provide a diversity of water-based recreation opportunities (fishing, wading, watersports, etc.)

Enhance & create new wetland areas and coves that protect infrastructure & provide new habitat space

Connect

Create new greenway connections from the lakefront to the adjacent communities

S CRAVENUE S S CRAVENUE

- + Stores up to 3m CY of dredge material (over 15-20 years)
- + Protects and improves safety along I-90 and other essential infrastructure
- + Equity in recreation amenities
- + Tourism

HADEET CITY

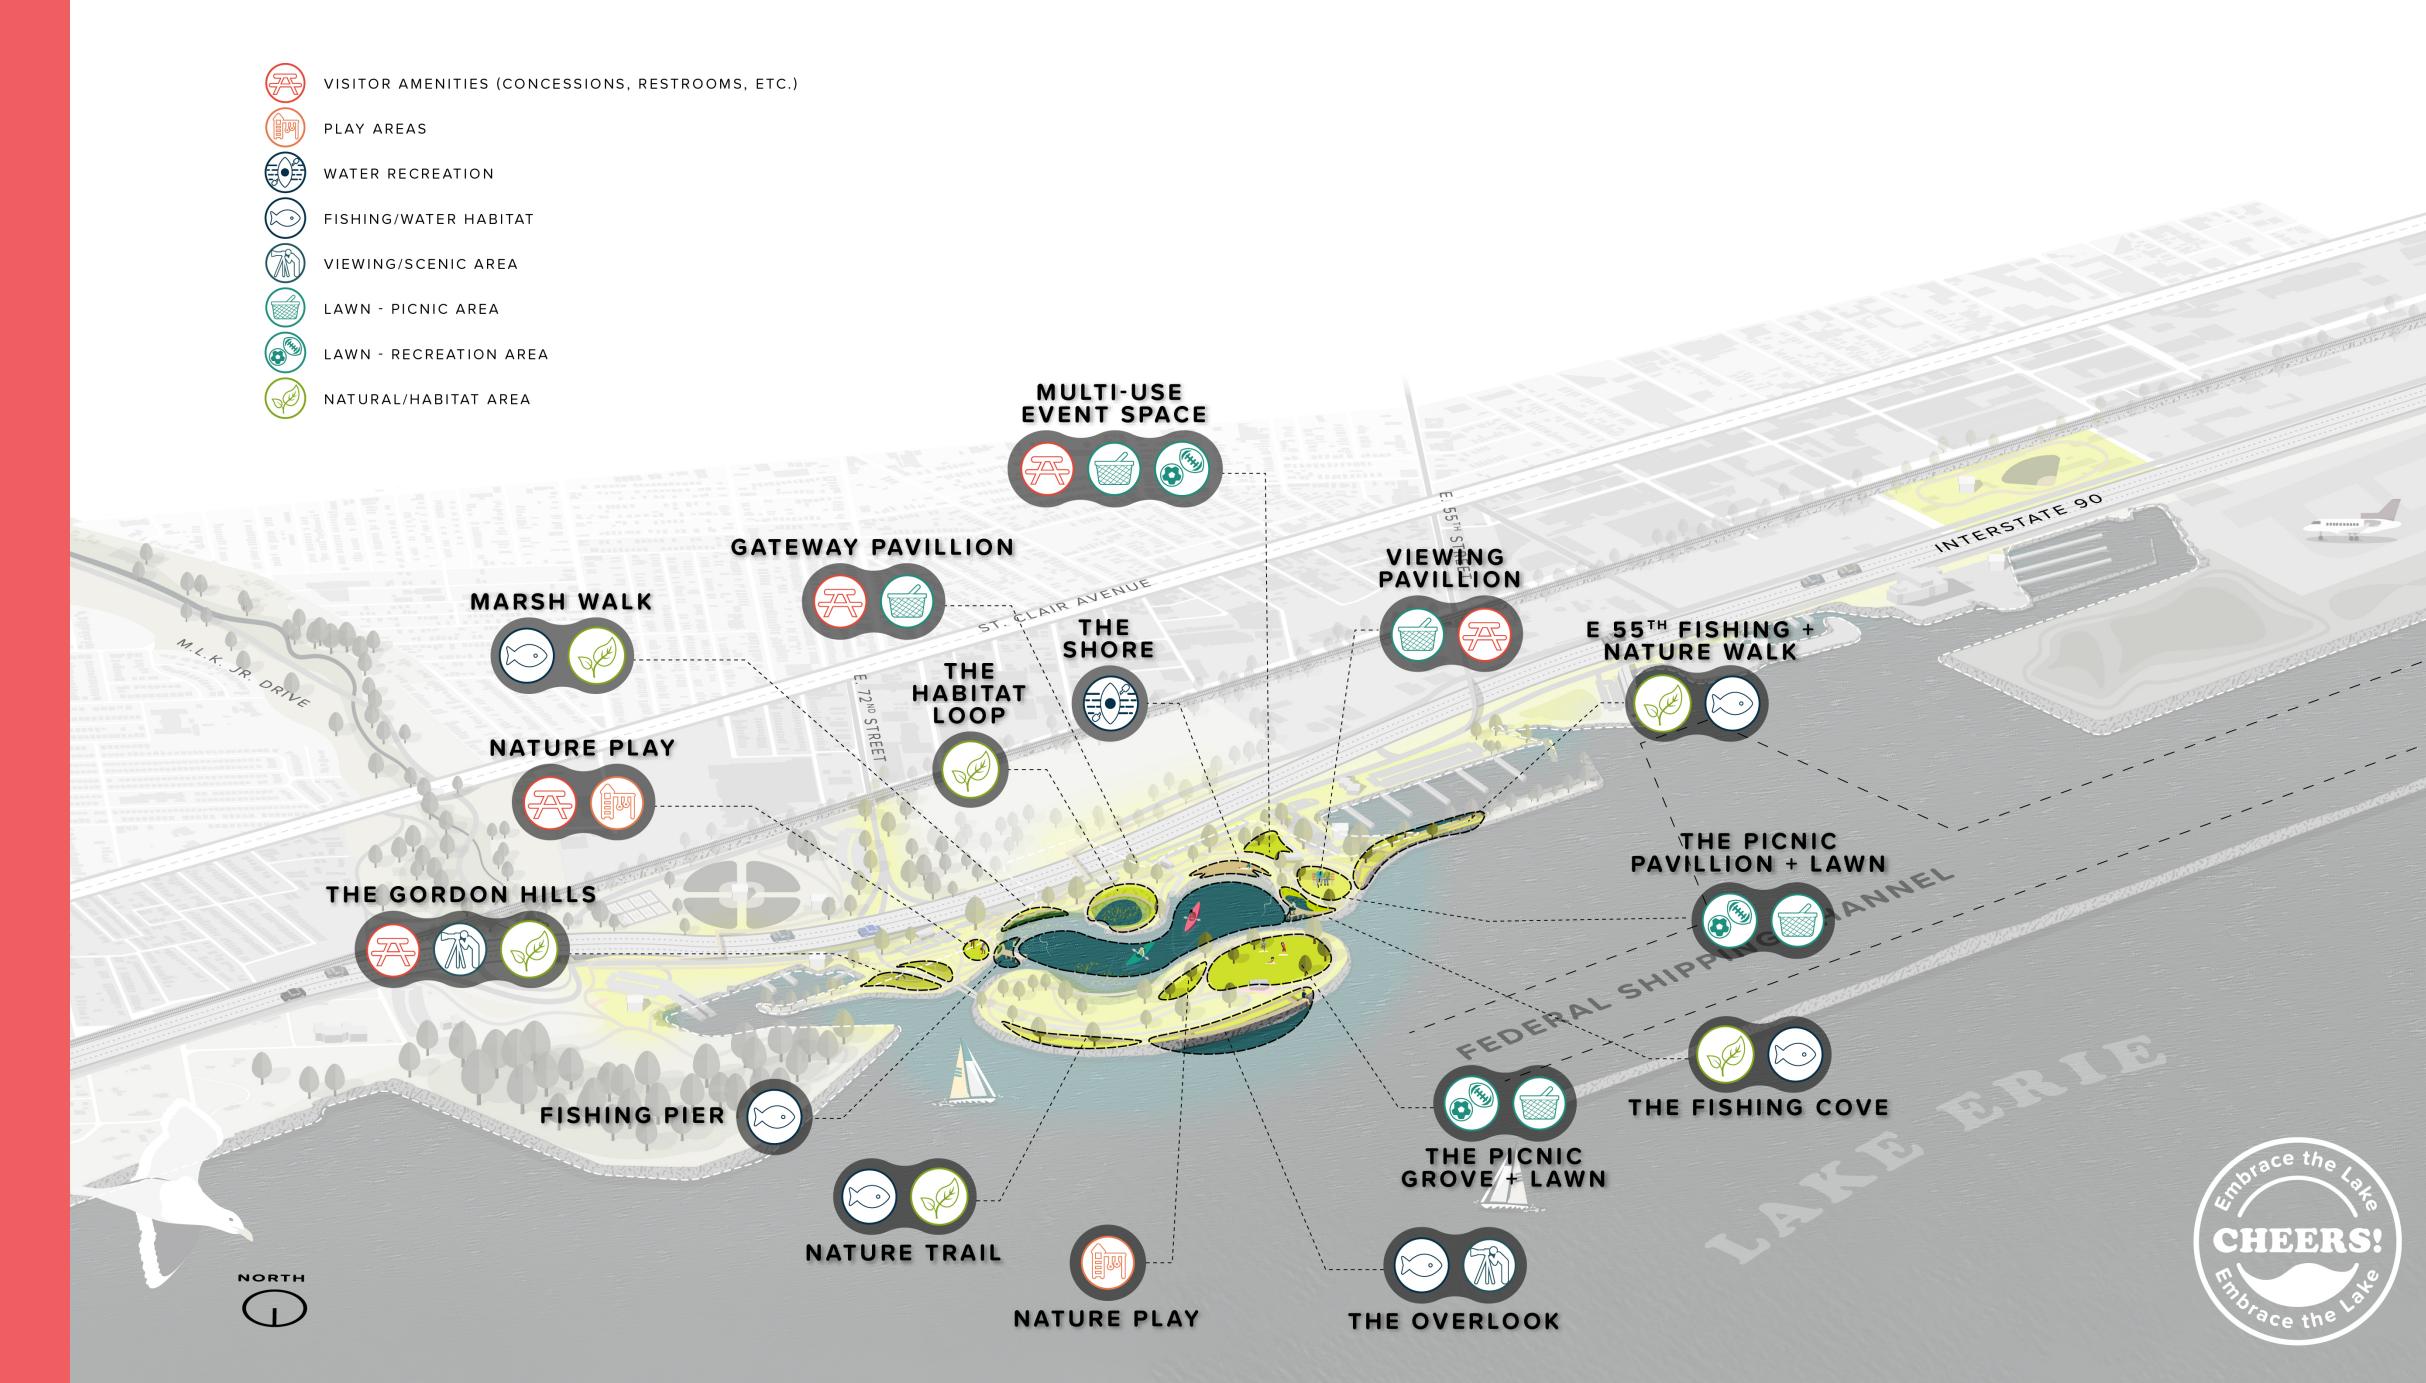

Nature

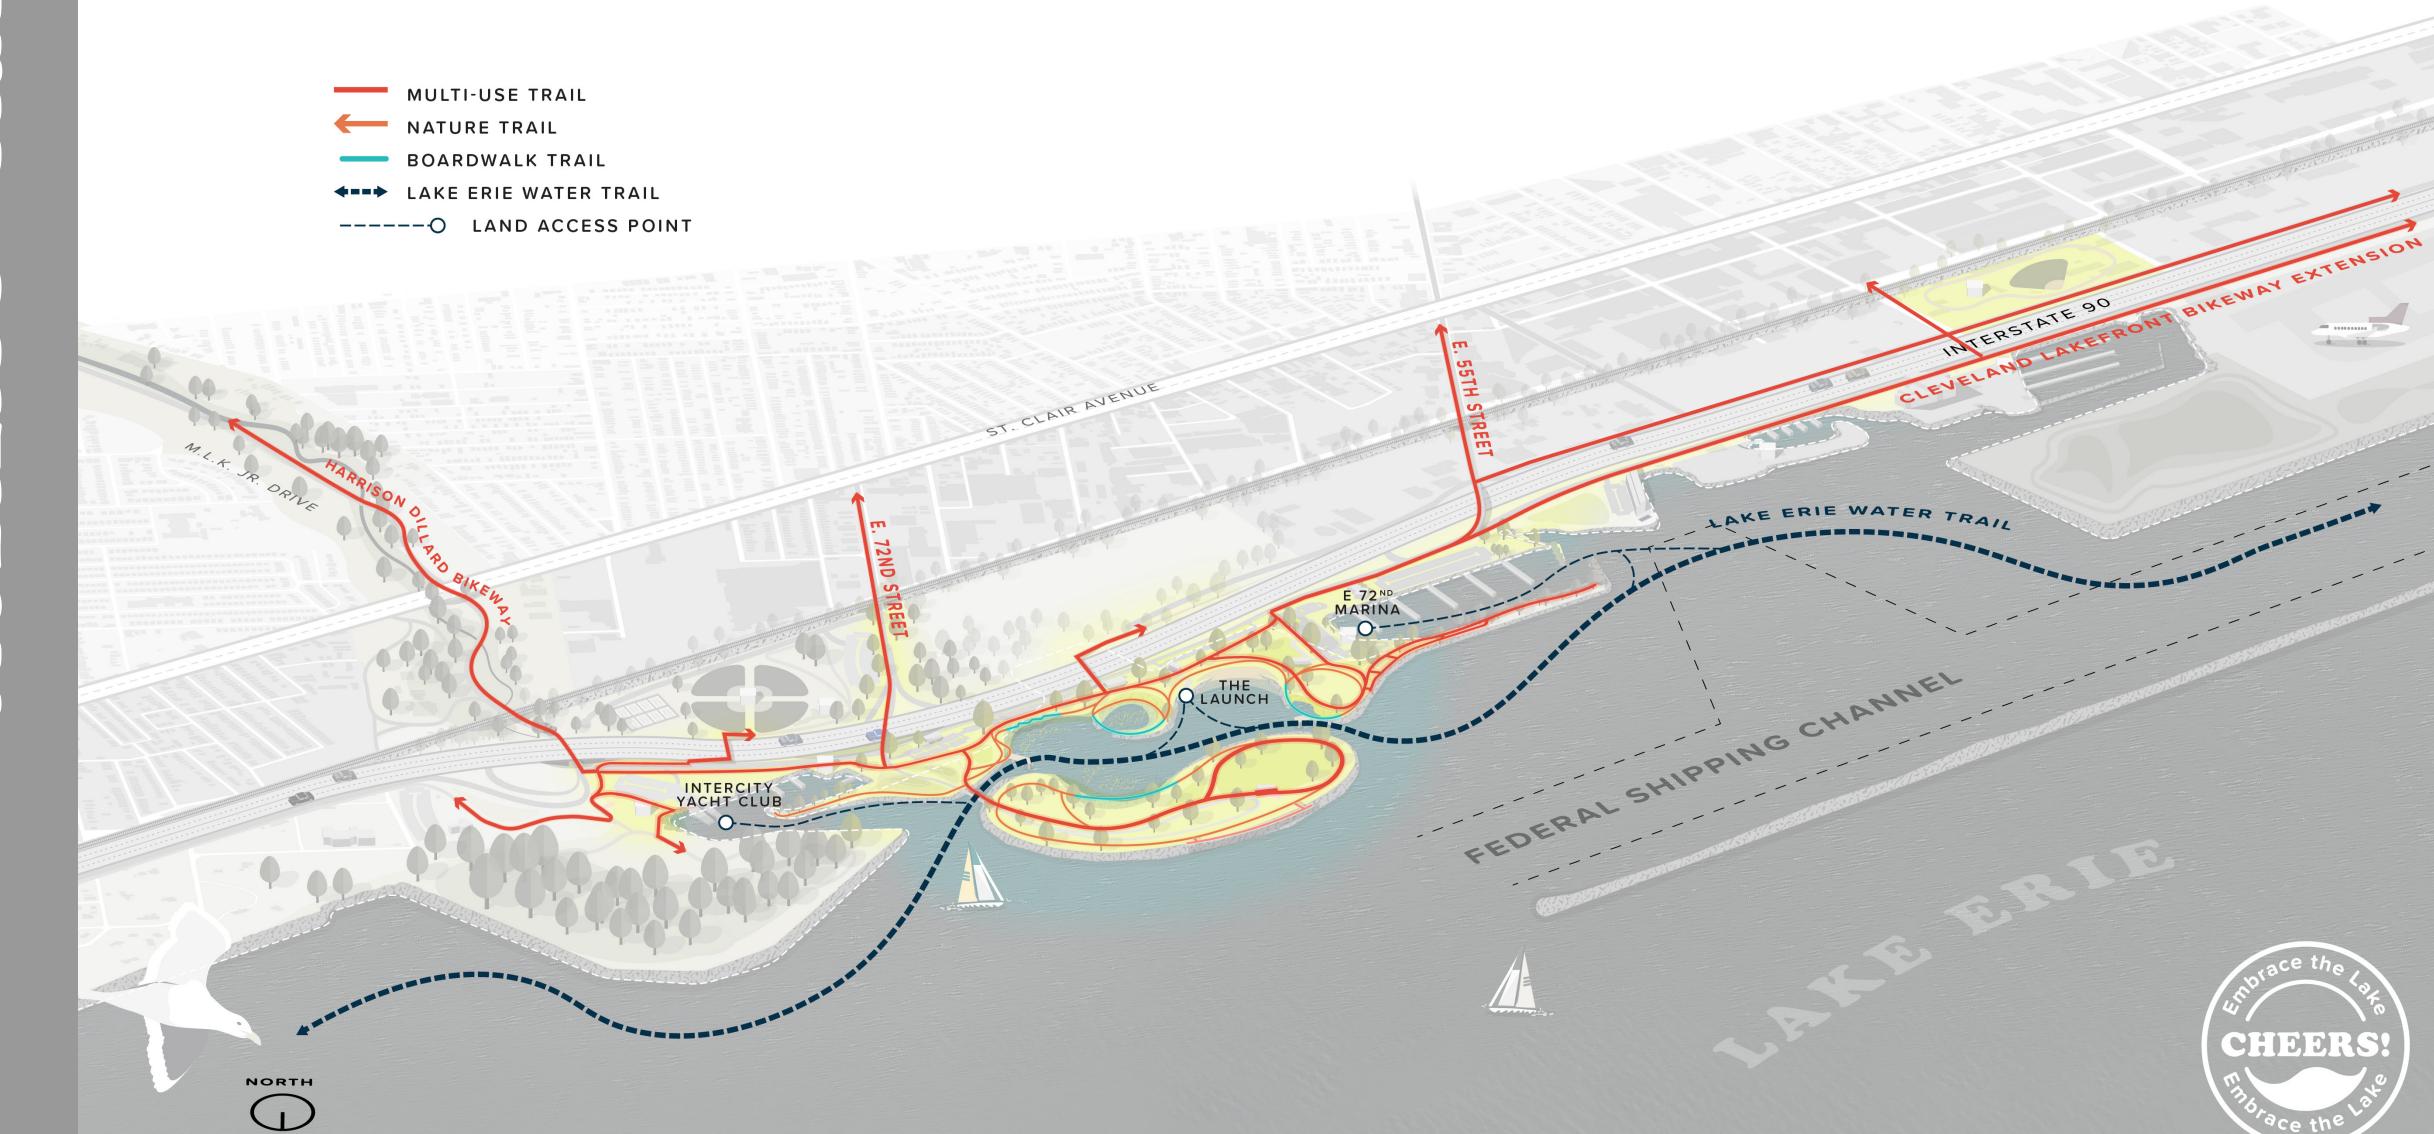

- + New natural areas
- + Aquatic restoration / water quality
- + Habitat restoration (in-water and nearshore)
- + 6,000+ LF of softened shoreline
- + Connected green corridors

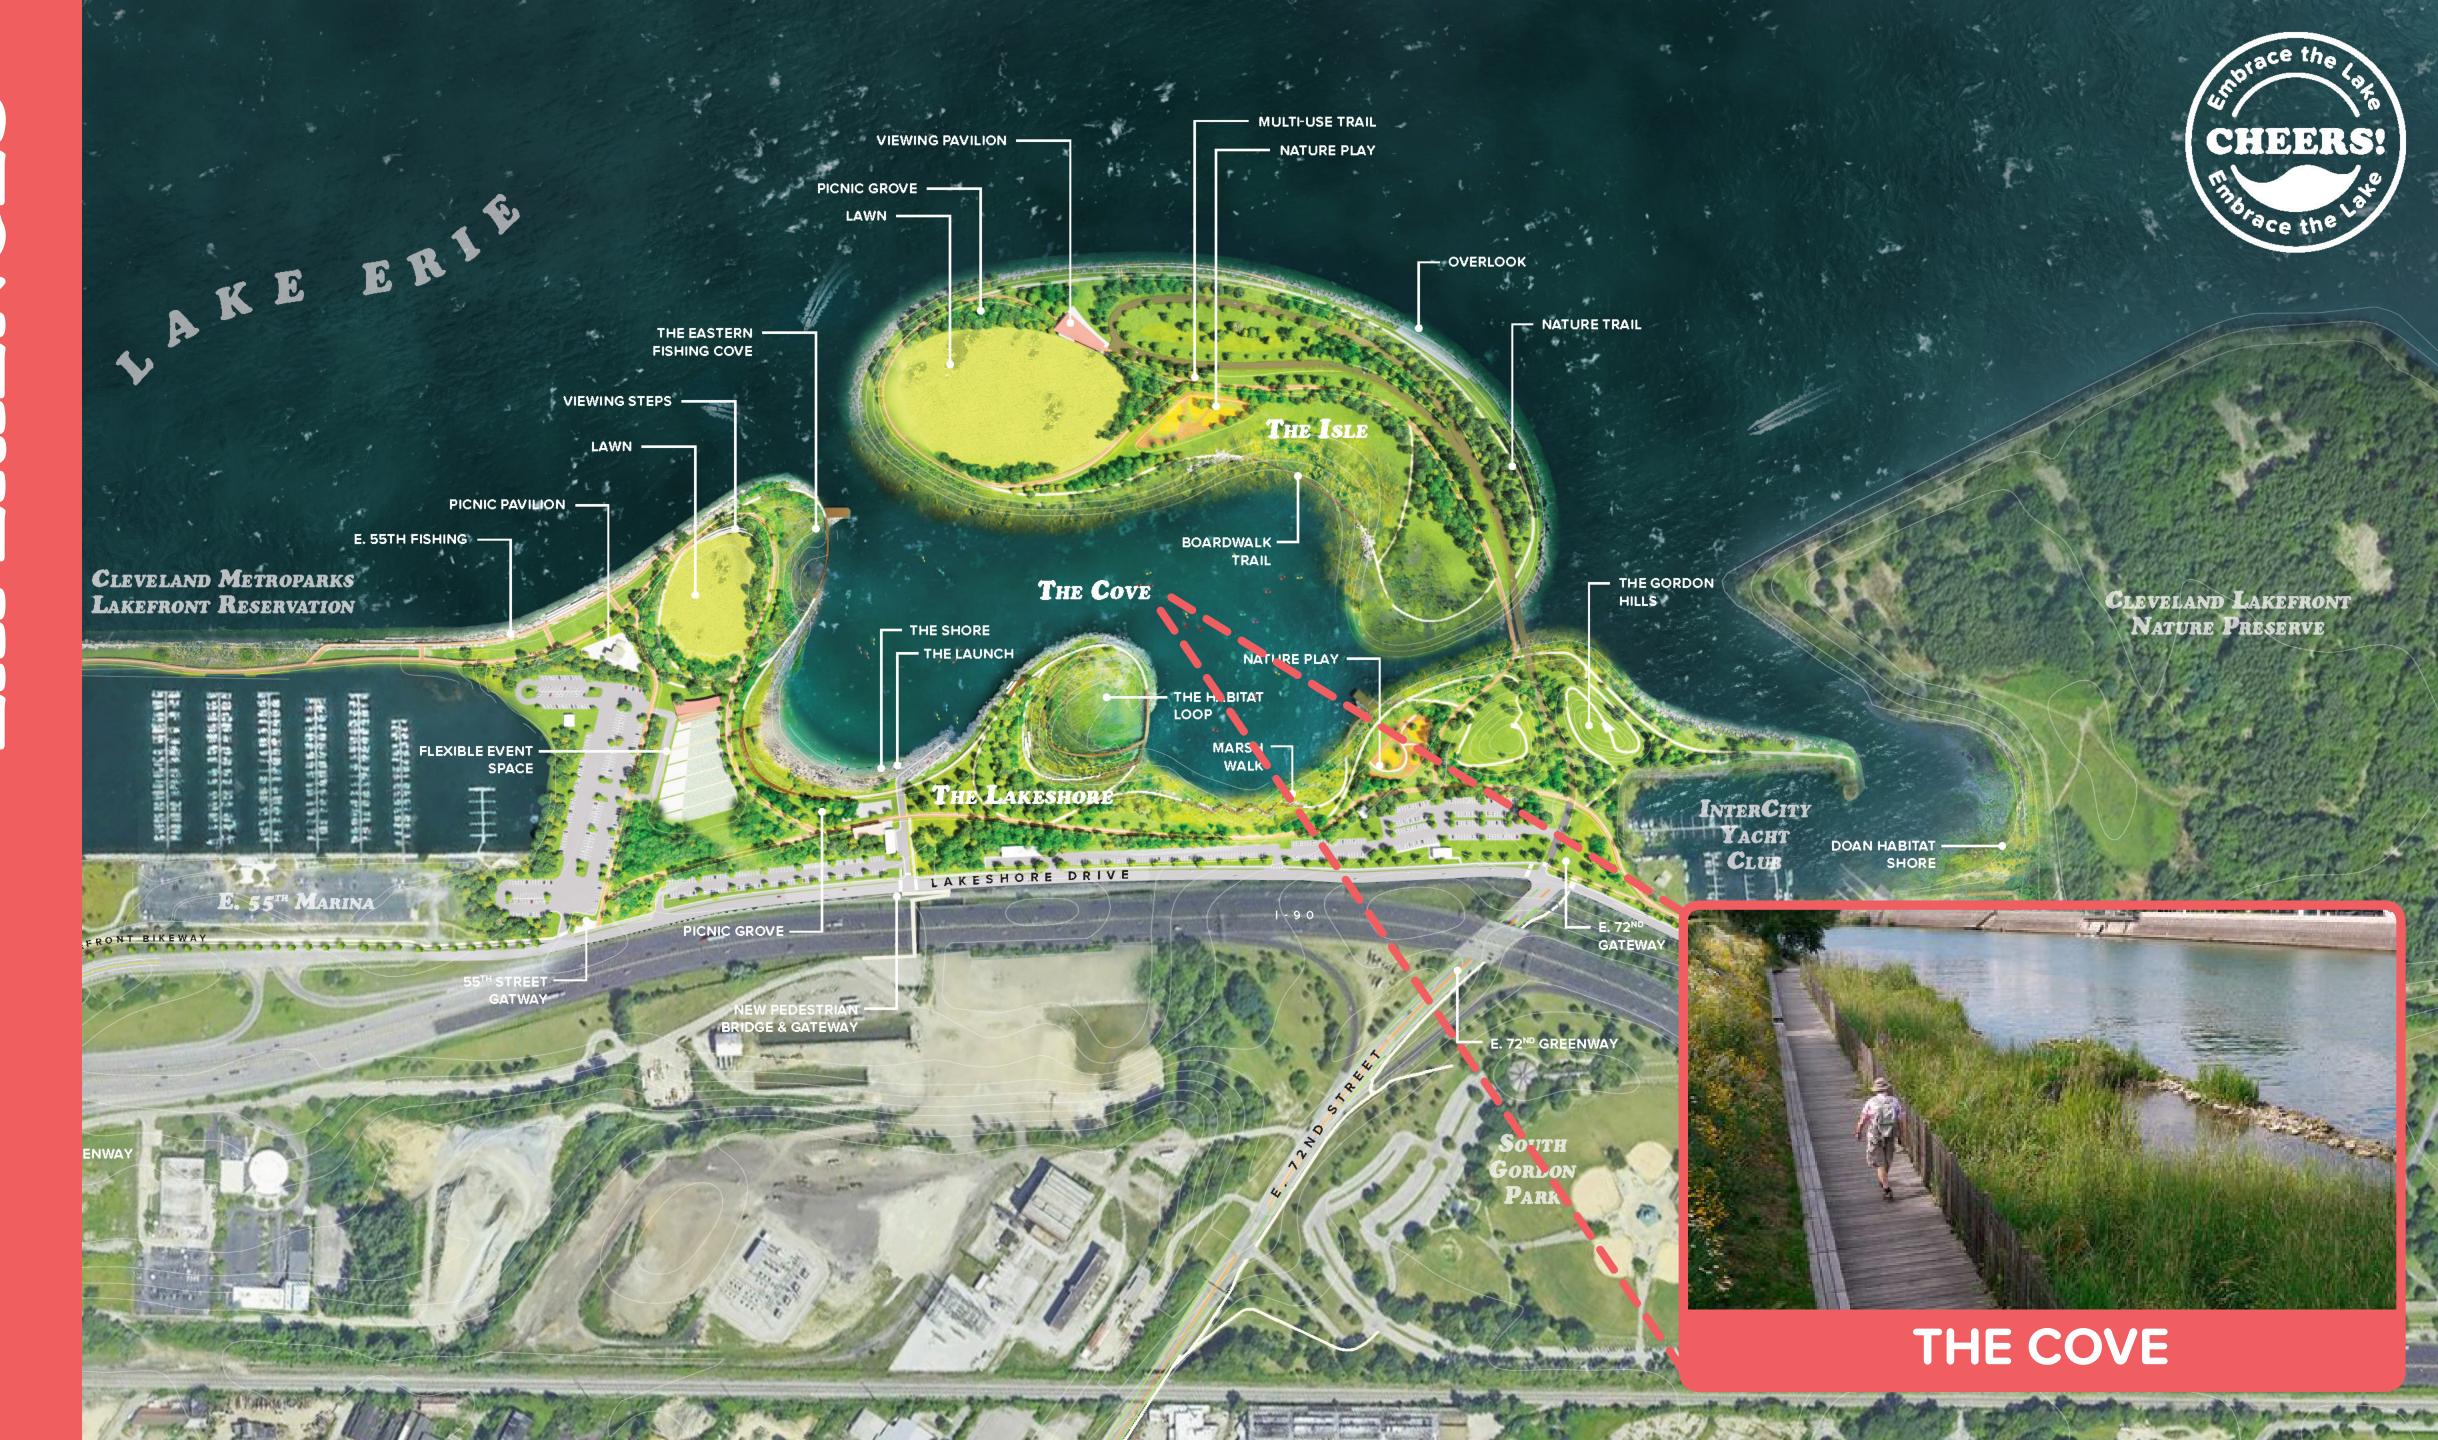

SHORE CONDITIONS HARDENED SHORELINE (RIPRAP) SEMI-HARDENED SHORELINE (RIPRAP) SOFTENED SHORELINE (NATURAL) WAVE ACTION HIGH INTENSITY MODERATE INTENSITY MILD INTENSITY LOW INTENSITY

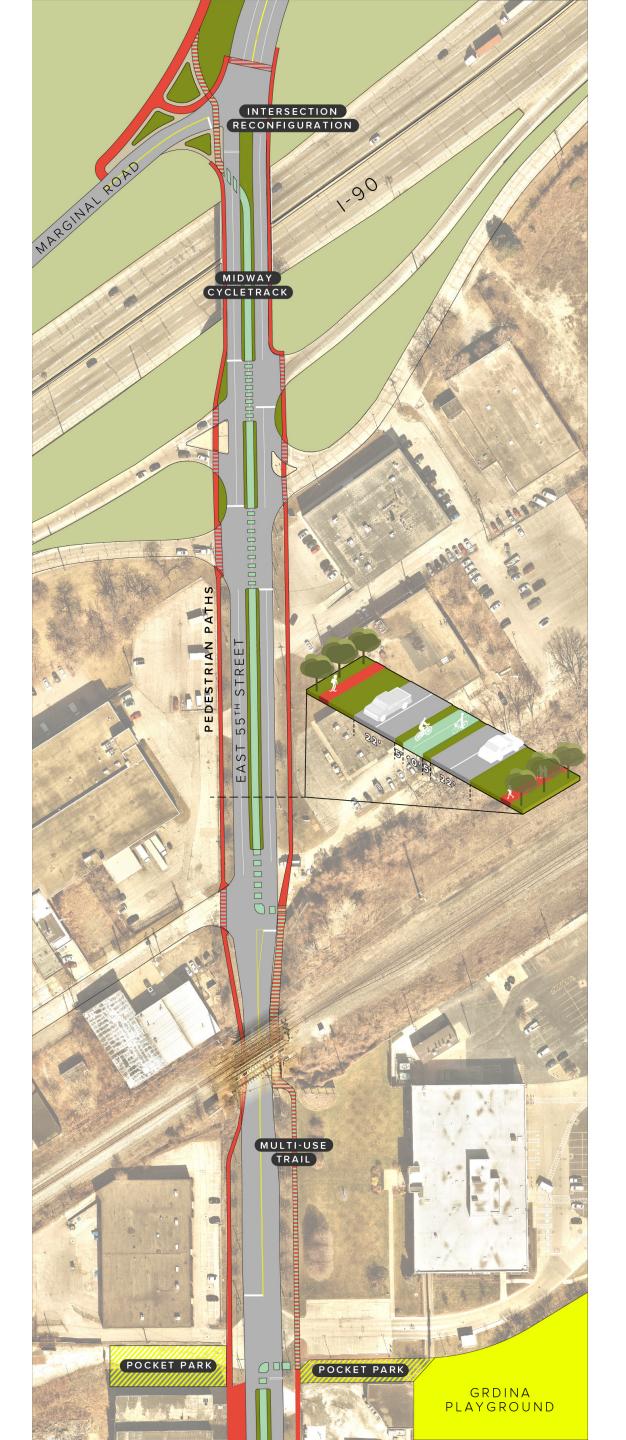

E55th

- + mid-way cycle track
- + multi-use trail
- + connections to pocket parks & existing parks
- + simplifed intersections

 @ Marginal

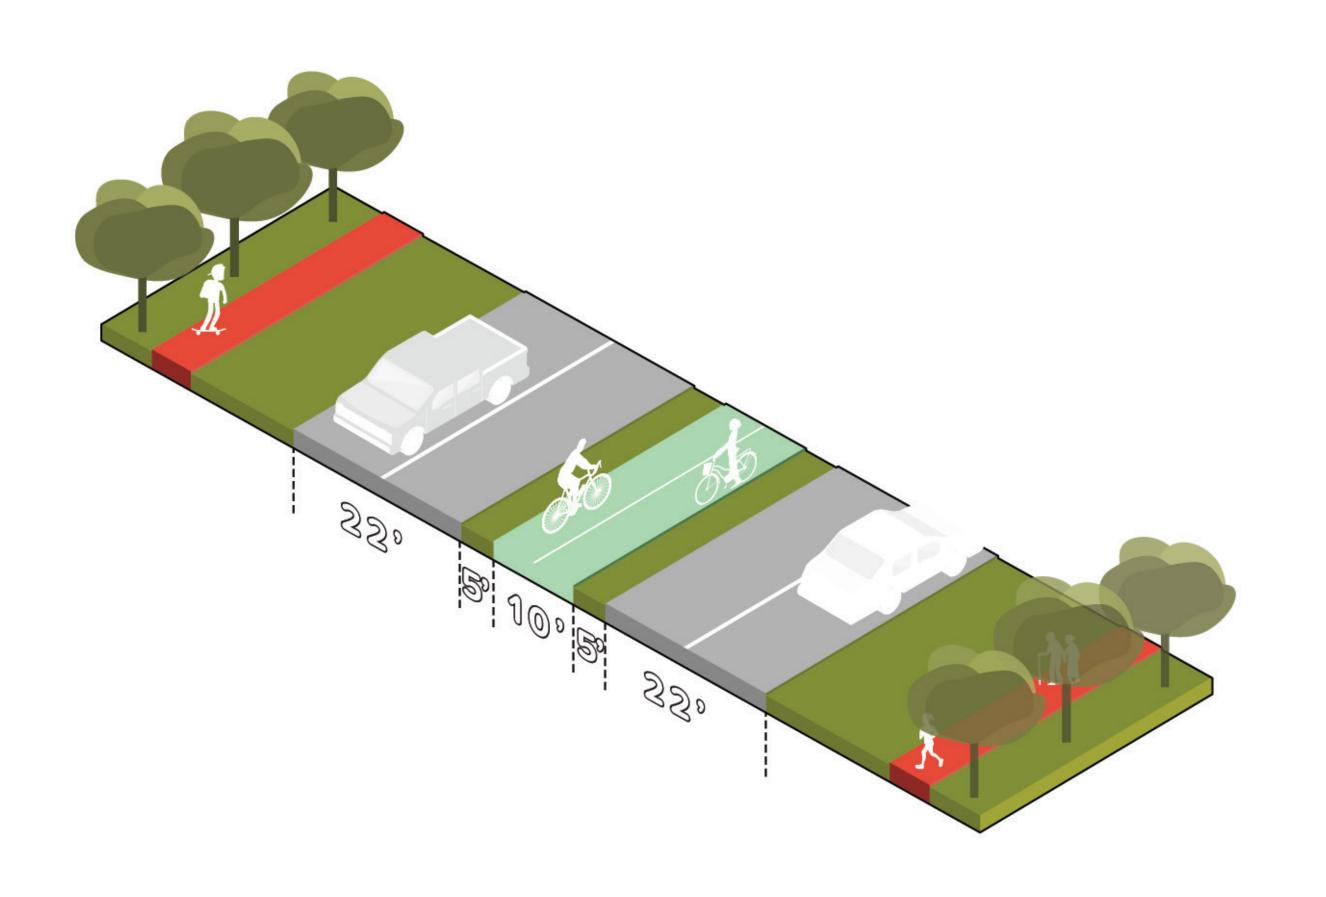

E 72nd

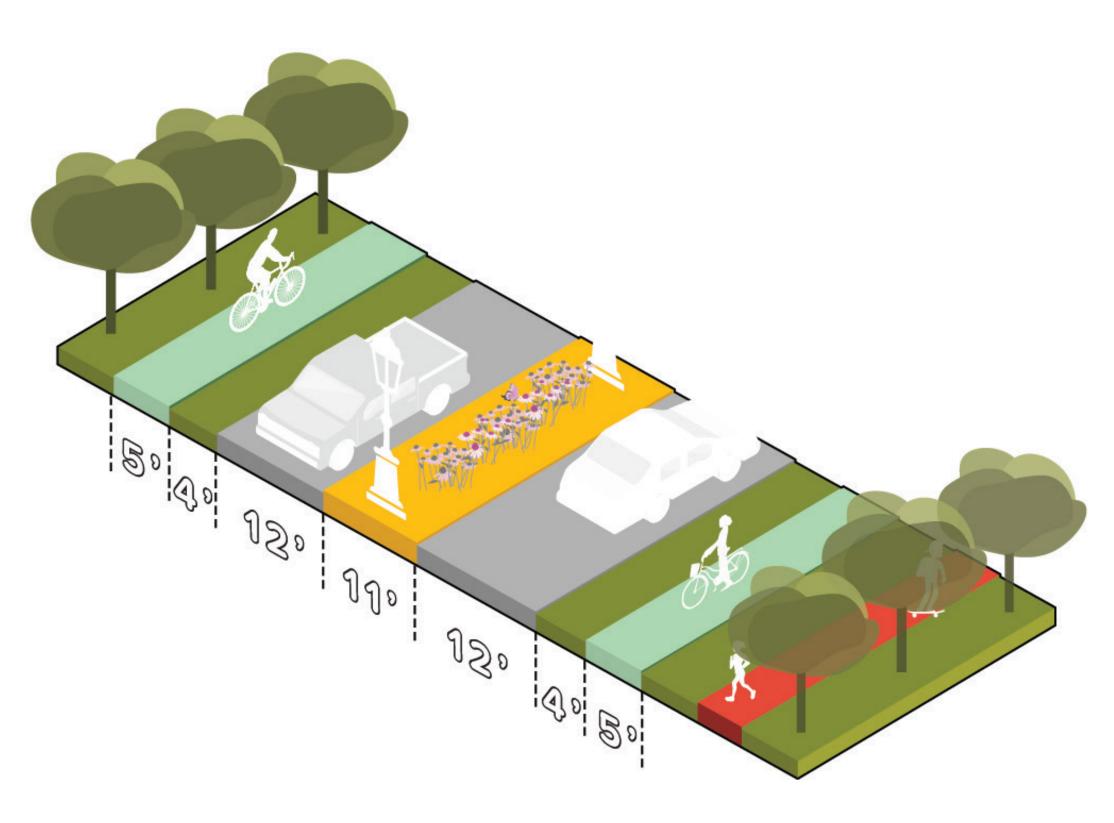

- + enhanced gateways with art & signage
- + greened bicycle lane buffers
- + simplified lakeside connection with reduced on/off ramps

E 55th

E 72nd

Implementation & Phasing

Coalition Building & Next Steps

Lakefront Updates!

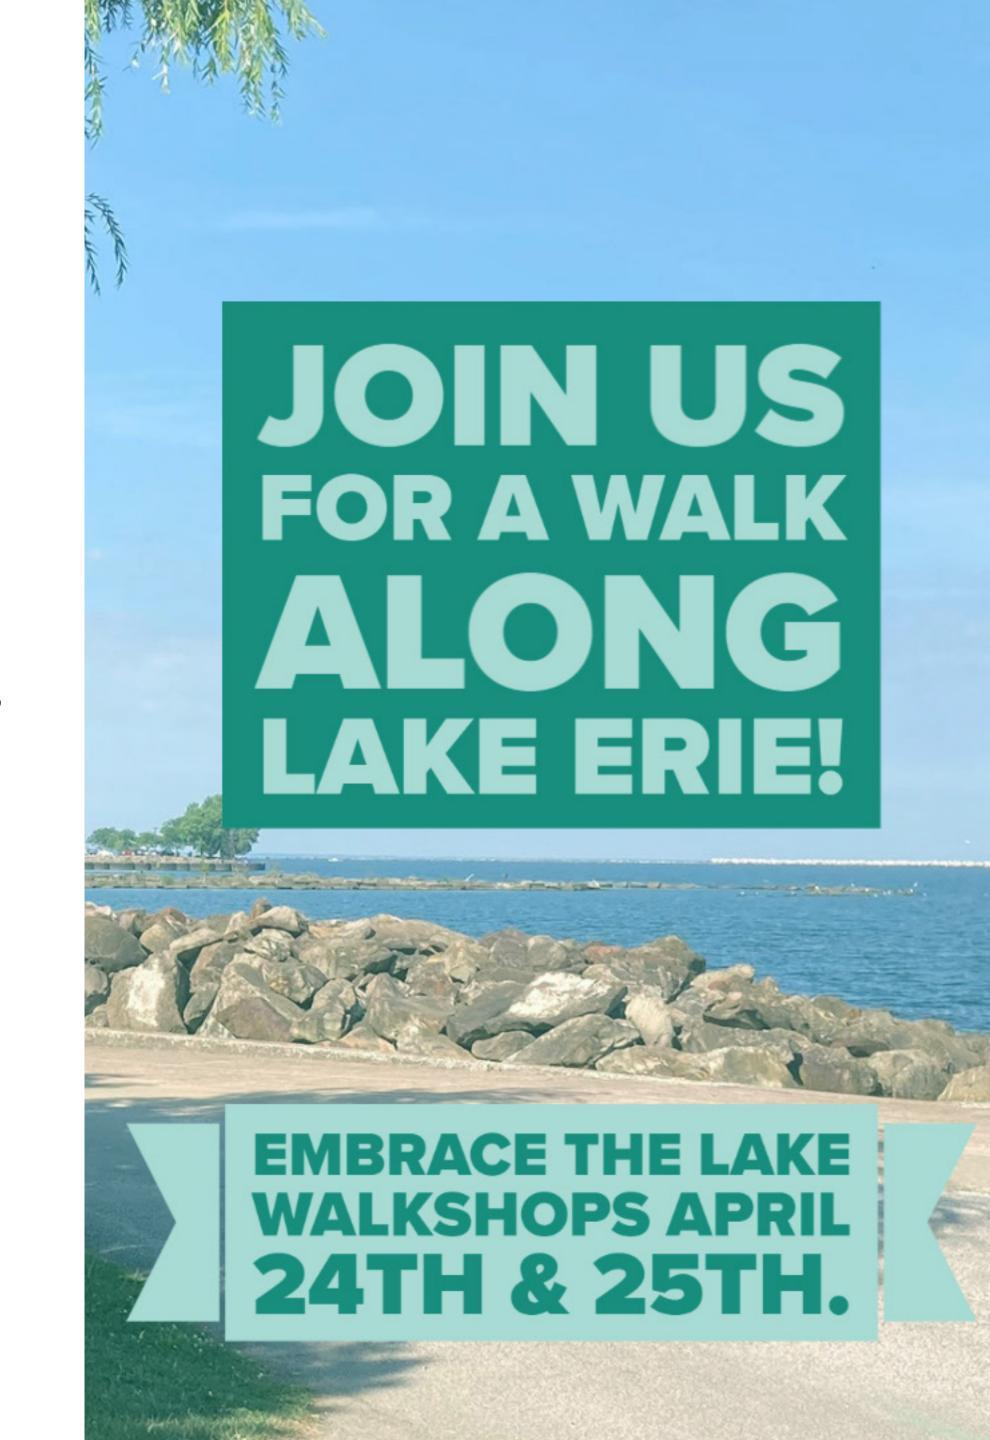

- + Continue to welcome neighbors and all visitors to the Lakefront with clean & safe parks while observing COVID-19 best practices
- + New comfort station at E 72nd is opening May 1st!
- + Summer 2021 State designation of the Lake Erie Water Trail in Cuyahoga County promoting paddler access to the lake

Kelly Coffman, Park Planner, CHEERS PM Cleveland Metroparks kbc@clevelandmetroparks.com

Ongoing Engagement

- + Project updates, information, and comment form at www.clevelandmetroparks.com/CHEERS
- + Continued engagement with adjacent neighborhoods, stakeholders, residents of the region, non-profits and foundations, and local, state, and federal agencies
- + Maintain the ongoing CHEERS partnership and identify additional project funding and support:
 - Current five partners
 - Black Environmental Leaders
 - National Fish and Wildlife Foundation (NFWF)
 - Other Stakeholders
 - US Army Corps of Engineers

MISSION:

Black Environmental Leaders
Association (BEL) stands as
stewards of the natural and built
environment through collaboration
and partnership, to raise awareness
and advocate for environmental and
economic justice.

VISION:

We work collectively to provide a forum for community environmental education which can serve as the basis of a deeper understanding and commitment to land, water, air, transportation and energy issues that impact our economic bottom line, through the lens of health, diversity, inclusion and equity.

SeMia BrayBlack Environmental Leaders (BEL)
www.be-leaders.org

MISSION:

Our mission is to improve the quality of life in greater Cleveland through neighborhood revitalization, affordable housing, and integrative social services.

How to get involved

- Programming Partner: Bring your hands-on intergenerational activity and information about your work in the community + ways folks can get involved with you!
- Monthly or Seasonal Sponsor: Your contribution can underwrite a single event, or help our whole season take flight with benefits including print, digital, and on-site visibility.
- Volunteer: Join our dozens of creatives who are making a difference each month.
- Join us: At one or all of our 2021 Neighbor Nights!

April 15	Sweet Street	Community Space & Visual Art
May 20	Feelin' Fresh	Farmers' Market & Food Security
June 17	Move n' Groove	Healthy Play
July 15	Power of Words	Storytelling, Social Justice & Cultural Power
August 19	Dialed In	Digital Equity & Connectivity
October 21	Sparkle n' Scare	Community Clean Up & Reverse Trick-or-Treat
November 18	Community Toast	Marshmallow Roast & Shared Space Celebration

*September is IngenuityFest month! Stay tuned for announcements & updates!

Ignite! Neighbor Nights is a program of Ingenuity Cleveland in proud partnership with Famicos Foundation.

Questions? Email:programming@ingenuitycleveland.org
Or Call: (216) 589-9444

Charlie Townsend

Business & Community Engagement Manager, Famicos Foundation

Details and survey @ BikeCleveland.org/SRTP

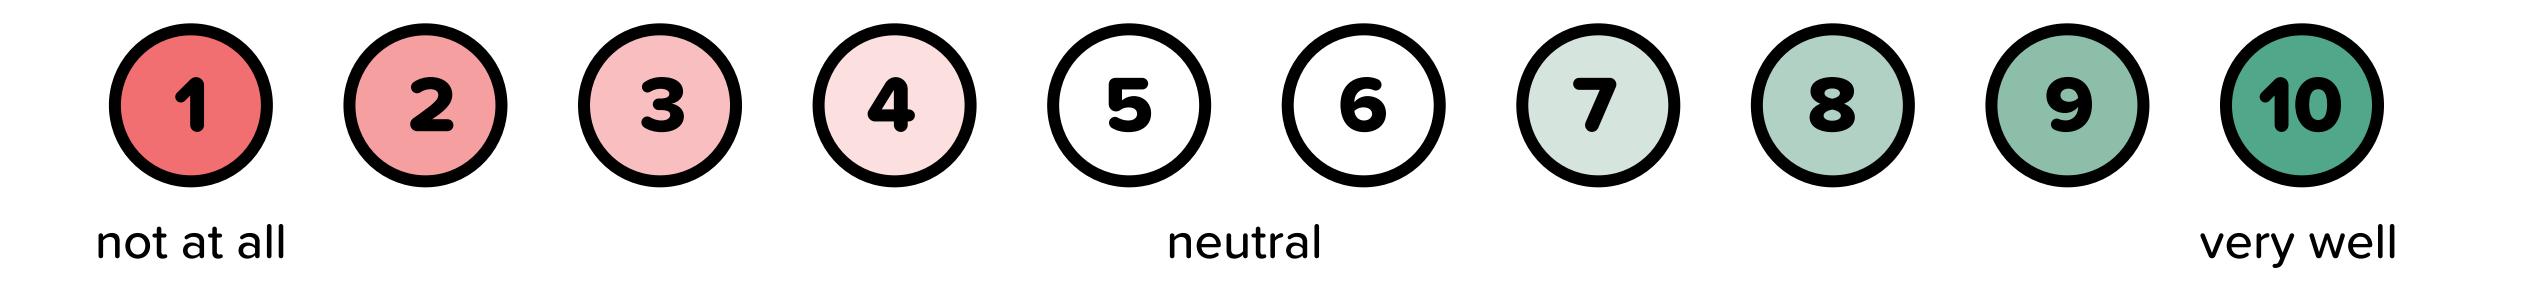

- + Neighborhood engagement focused on access and removal of barriers from Superior Ave, E. 55th, and E. 72nd to the Lakefront Parks
- + Builds off CHEERS Study
- + Working in partnership with St. Clair Superior Development Corporation, Cleveland Metroparks, and Cleveland Kent State Urban Design Collaborative
- + Final Action Plan September 2021

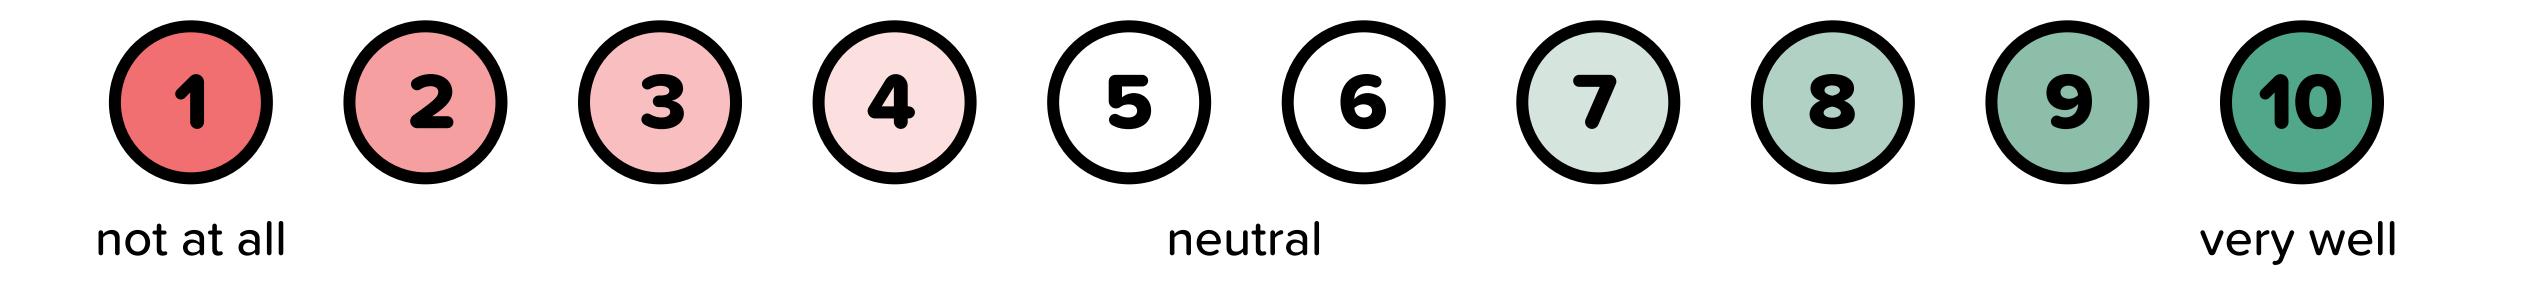

Jacob VanSickle, executive director Bike Cleveland www.bikecleveland.org

On a scale of 1-10, how well do you think the plan responds to the needs of the community (e.g., gathering spaces, places to touch the water, more visitor amenities, better connections, etc.)

On a scale of 1-10, how well do you think the plan responds to the needs of the environment (e.g., more habitat spaces, new ecotypes, improved water quality, better protection from storm/wave events, etc.)

Where should we start? Tell us what you think would be the most impactful early action projects!

Stay engaged!

PROVIDE FEEDBACK ON THE PLAN
